Special Invitation to 3rd Meeting for Six Sigma Professionals in Frankfurt / Bad Homburg / Germany

We are proud to invite you to the 3rd Munich Six Sigma Workshop & Forum designed for Six Sigma Professionals by **Six-Winners** and **i-solutions**, hosted by **Deutsche Bahn** with the topic:

How to use Business Scorecards to link Corporate Strategy with Project & Process Execution and make sure Your Lean/Six Sigma Program Really Delivers.

Introduction

According to recent research, a third of the all the European Six Sigma initiatives fail to produce results and are abandoned, one third will produce mediocre results and only one third are successful.

Where is your Six Sigma initiative?

i-solutions and Six-Winners have come together to share with you best practices of over 40 companies on how to become more successful in the strategy and execution of Lean Six Sigma.

We will focus our discussion on the following questions:

- Is your Lean/Six Sigma program truly aligned with your business strategy?
- Can you clearly see the impact of your Lean/Six Sigma efforts in the business dials that measure achievement of your strategic goals?
- Do your projects really deliver results that stand the test of time?
- As Lean/Six Sigma programs scale, how can you become more successful?
- How can software increase your visibility in Lean/Six Sigma program management?
- How can you create a platform for existing Lean/Six Sigma organization to improve?
- How to evolve your Six Sigma program – what comes next (e.g. scorecard, dashboard)?

In addition we will work together on some business case scenarios, enabling you to share best practice, while connecting with other Six Sigma Professionals in Germany.

Who should attend?

Strategist, Six Sigma Champions, Deployment Manager, Executives from Operational and Strategic Management, Master Black Belts, Black Belts, Process Managers, Performance Manager, Quality Professionals, Quality Improvement Directors, Project Directors... as well as Leaders from companies that are looking to optimize their organization's quality and performance.
